Re: Letter of Recommendation for Harrison Constructions Pty Ltd

I am pleased to offer this testimonial in support of Harrison Constructions Pty Ltd. My company has engaged Harrison Constructions on several commercial projects, most recently the extension of our warehousing and distribution centre, and the upgrade of our office facility.

Both of these projects presented specific and complex challenges, but were carried out professionally and conscientiously. They were planned and executed in such a way as to ensure minimal disruption to our daily operations, and the company demonstrated significant flexibility to work in with our staff requirements.

At all times, I have found Harrison Constructions to be very responsive and understanding of our particular requirements, with excellent attention to detail and a high level of commitment to achieving tight construction schedules. They are professional and offer a very competitive service.

We will continue to use the Harrison Constructions for future building projects and I recommend them to you without hesitation.

Yours sincerely,

Robert Nioa
Managing Director
